Hello IRS: I own stock in Westlake Chemical and your proposal for a new rule re "Qualifying Income from Activities of Publicly Traded Partnerships " will have a chilling affect on future investments, if later you will be changing the rules of the game at half time and reducing the value of my investment in this company. Also, there was a previous ruling that should allow Westlake to be gandfathered and exempt from this new rule, if it is enacted. Please review this proposal again, because I believe it is unfair to investors and will cause hardship and confusion in the business community. Let's try to help create jobs to increase tax revenues and not hurt the job creators. Thank You.
